

General Education Induction

Teachers may be approved for the General Education Induction Program based on the following criteria:

- Teaching assignment or setting with access to instruct students on a regular basis for the school year.
- Collaboration with an assigned reflective coach who holds a clear credential in a closely-aligned subject matter or grade span.
- CTC-issued preliminary Multiple Subjects or Single Subject credential dated on or before December 1 with one of the renewal codes shown below. The renewal code appears near the bottom of a teacher's electronic credential (www.ctc.ca.gov). See the credential services section below for more information.

General Education Credential Type	Credential Renewal Code
Preliminary Multiple Subjects	PRO, R14C, R14I, R14S, R14T, RS3
Preliminary Single Subject	PRO, R14C, R14I, R14S, R14T, RS3

Education Specialist Induction

Special education teachers may be approved for the Clear Education Specialist Induction Program based on the following criteria:

- Teaching assignment or setting with access to instruct special education students on a regular basis for the school year and case management responsibilities that align with the credential specialty area.
- Collaboration with an assigned reflective coach who holds a clear credential in the candidate's specialty area.
- CTC-issued preliminary or level I Education Specialist credential dated on or before December 1 with one of the renewal codes shown below. The renewal code appears near the bottom of a teacher's electronic credential (www.ctc.ca.gov). See the credential services section below for more information.

Education Specialist Credential Type*	Credential Renewal Code
Preliminary	R19N
Level I	R19L, R19M, RSN, RSGN

*Candidates with an Education Specialist Certificate of Eligibility must convert to a Level I Education Specialist credential during the first year of induction and prior to a clear recommendation.

Credential Services for Induction Candidates

Some candidates have additional CTC statutory requirements that must be met for a clear credential in addition to completion of an induction program. CTC makes this determination during their credential application assessment based on the applicant's credential preparation route and California credential standards. Renewal codes will appear on the California credential, and CTI candidates will be advised of completion options for all requirements after enrollment. All candidates will receive credential advisement throughout their enrollment period that includes, but is not limited to:

- Credential renewal requirements for a clear credential
- Credential extension assistance
- Clear credential recommendation to CTC
- Transfer documentation
- Optional university units

For additional information or questions on program eligibility, contact us at cti@rcoe.us.
