

Conferring With Young Mathematicians at Work (Grades K-8)

Running a powerful mathematics classroom is no easy feat. The way we question, celebrate, and support has a dramatic effect on the way students feel about mathematics and what they learn.

Join Cathy Fosnot for a two-day intensive experience to deepen your understanding of how to question, guide, mentor and support young mathematicians as they work on investigations.

- Learn how to question effectively.
- Review the landscape of learning comprised of the big ideas, strategies, and models as a framework for use when conferring.
- Study exemplary teachers as they engage in conferring with the students during their mathematics lesson and analyze their decision-making.
- Observe Cathy conferring and engage in role-playing of conferrals to become a more competent facilitator of learning.
- Help students feel like “real mathematicians” at work.
- Analyze the use of various models as tools for representation and learn how to encourage students to use them as tools.

Each participant will receive an advance copy of a chapter from Cathy Fosnot’s soon-to-be-released book, “Conferring With Young Mathematicians at Work.”

Who Should Attend: Grades K-8 general and special education mathematics teachers, teacher leaders, mathematics coaches, and district and site administrators.

DATES: Monday, March 6, 2017
Tuesday, March 7, 2017

LOCATION: Riverside County Office of Education
Conference Center
3958 Twelfth Street
Riverside, CA 92501
(Map on reverse.)

TIME: 8:30 a.m. - 3:30 p.m.
